Registration Fees Policy

The purpose of this policy is to explain:-

1. the process for payment of registration fees;
2. the options available if you are experiencing difficulty in paying fees;
3. the consequences for failing to pay fees;
4. discounts available; and
5. how to obtain a refund.

Registration and payment

Player registration and payment of fees are through My Football Club (MFC) and should be completed no later than 6 March for juniors and 31 March for seniors, so that we can form teams. After those dates you should contact the Club to see if there are any vacant places in your team of choice before registering a player.

The registration fee consists of:

- a Fixed portion paid by the club for each player for the season and set by Capital Football (eg FFA registration fee, football levy, insurance); and
- a Club component that covers the costs of running the club (eg ground hire, referees' fees, equipment).

Financial assistance and payment plan

The club understands that there are circumstances that can make it hard for you to pay registration fees.

If you are experiencing difficulty paying registration fees, you should contact the Club (email admin@wvsc.org.au) as early as possible. Requests for financial assistance and/or a payment plan will be handled confidentially on a case-by-case basis. If a request of financial assistance and/or an appropriate payment plan is approved, you will be notified by email.

All requests for financial assistance and/or a payment plan must be received by no later than 28th April.

Non-payment of registration fee

If you have not paid fees or have not requested financial assistance by the due date players will not be registered with Capital Football and are not covered by insurance, making them ineligible to play. Any players with unpaid fees, other than those with an agreed payment plan, will not be permitted to take the field.

Registration fees not paid by the due date or requests for financial assistance received after the due date will incur a 20% surcharge.
